### About ABRSM

In partnership with four Royal Schools of Music, ABRSM carries on a long legacy of musical excellence. More than an awarding organisation, we support learners from the first note they play, and empower teachers who help build musical skills and encourage progress around the world. Since 1889, our goal has been the same—to help people start or continue their journey with music.

### Funding activity

ABRSM is keen to support organisations that share our ambition to open up opportunities for more people to access and progress in music. We welcome applications from organisations whose projects and programmes:

- Support ABRSM's values around diversity and inclusion, musical progression, access and participation, and environmental sustainability;
- Provide high-quality training opportunities for those leading music education programmes
- Provide an inspiring and motivational experience for the learner;
- Provide high-quality music educational value for the learner;
- Address the barriers to accessing and progressing in music, including for people from underrepresented backgrounds;
- Evidence sustainability/continuity of the project;
- Demonstrate passion and commitment.
