

Lyrics for Rotary's Music Relay Song for Peace

VERSE 1 - You can hear a thousand voices

Up and down the streets.

A festival of sound

Bringing everlasting peace

You can hear a million voices

All around the earth

To celebrate each other

So this moment can be heard

All our mothers and fathers

Stood underneath these stars

We're the children, we're the future

Oh it's time to play our part

CHORUS - Sing from your heart

Sing from your soul

Sing all together if you're young or you're old

This is the moment

Where our Rotary takes hold

VERSE 2 - You can hear a thousand voices

All around the streets.

Rotary united

To preserve humanity

You can hear a million voices

All around the earth

To celebrate each other

So this moment can be heard

All our mothers and fathers

Stood underneath these stars

We're the children, we're the future

Oh it's time to play our part

CHORUS - Sing from your heart

Sing from your soul

Sing all together if you're young or you're old

This is the moment

Where our Rotary takes hold

You can hear all these voices

All around the globe

As Rotary brings peace the world over

Giving people hope
